

RHONDA BYRNE

Author, Creator, Executive Producer of *The Secret*, and Author of *The Power*

Rhonda Byrne's intention is: *joy to billions.*

Rhonda began her journey with *The Secret* film, viewed by millions across the planet. She followed with *The Secret* book, a worldwide best seller available in 47 languages.

In *The Secret* Rhonda revealed the law of attraction. In her new book, *The Power*, Rhonda continues her groundbreaking work by revealing the single greatest force in our universe.

Rhonda uncovers *The Secret*

In early September 2004, Rhonda discovered an unfailing principle that underlies every aspect of our lives. She was astonished that this life-transforming information was not widely known and practiced. In that moment, Rhonda made it her life's focus to share this knowledge with all people around the world, so that billions could powerfully transform and improve their lives.

Rhonda immediately began studying the work of the world's finest minds – great thinkers, artists, scientists, inventors, discoverers, and philosophers – drawing from fields as divergent as quantum physics, metaphysics, psychology, and religion. She found again and again that the knowledge of this one principle had run like a golden thread through the lives and the teachings of all the prophets, seers, sages, and saviors in the world's history, and through the lives of all truly great men and women.

Already a successful television and film producer, Rhonda began practicing what she learned, and used *The Secret* to make the film *The Secret*.

Millions have viewed the film since its release in March 2006, and the book *The Secret* has been a New York Times bestseller since its release in November 2006, with more than 19 million copies in print.

Rhonda writes *The Power*

In *The Power*, Rhonda shares the essence of everything she has learned since *The Secret* was released. As part of her continuing journey of discovery, and her daily practice of the law of attraction, Rhonda gained extraordinary new levels of insights. *The Power* is the book she was compelled to write.

Readers of *The Power* will come to understand that the life of their dreams has always been closer than they realized. Perfect health, incredible relationships, a career you love, a life filled with happiness and the money you need to be, do, and have everything you want, *all* come from *The Power*. To create anything, to change anything, all it takes is just *one* thing.
